Hi Will –

Ex. 5 AC/DP

You may be able to get contact information for lot owners without asking PPG or Woodward and Curran for that info. I'm not aware of a reason why we couldn't ask them if necessary, however.

It's probably a good idea to ask the lot owners & others if they have a preferred way for us to contact them.

PAD also may have protocols for reaching out to people for community relations purposes.

We would for the ones who attended the redevelopment meetings if you check the attendance list. I think that may cover most the rest, otherwise AmyMarie may have numbers, email etc. from having to be in contact with them/coordinate while she was out there, same with PPG (Woodwood and Curren and/or counsel) because PPG was the one who had to negotiate the access agreements with the lot owners (we assisted as a third party) but it was PPG's responsibility under the AOC.

Thanks Will. Looking through the list I noticed they are only mailing or physical addresses. Do you happen to have email or phone numbers for some of these PRPs? The email contacts I have are Joanne for city of Newark. Jeff Casaletto and John Jakub for Honeywell, and an email address for sharp house. I am not sure about the others. I may need to dig around some more.

Thanks,

Josh

Subject: Community involvement

Hi Will,

We are developing a community involvement plan and we are creating a list of contacts of people to make aware of the proposed plan. I believe we need to include current owners for each lot and/or those that were notified. I think you sent me a list previously but I am having trouble finding it. Can you send it again?

Thanks,

Josh
